Shibata Ami

When I was in grade school,
I used to read Monthly Shounen
Jump with my dad and older
brother. Seeing my mom manga
in that very same magazine
felt so strange.

I wonder what my dad and
brother think while they're
reading my works now
(my mother finds them hilarious)

Incidentally, Amayama is
named after my mother.
Tsumi-yuu. I'm not at all
like Ma-ama though.
